## Theme & Sub-Theme

We are excited to announce that the Department of Food Technology, Haldia Institute of Technology, Haldia is organizing a two - day National Seminar cum Workshop entitled "FOOD SAFETY AND QUALITY MANAGEMENT" CURRENT STATUS, LIMITATION AND CHALLENGES-FSQM 2018" on October 5 & 11, 2018. It will serve as a great opportunity for all B. Tech. Food Technology students and food industry professionals to enrich themselves with a comprehensive understanding on relevance of Food Safety, Food Analysis and Quality Management related to Food and Allied Industries.

On October 5, training workshop is scheduled focusing on Food Safety Training and Certification (FoSTaC) for final year students and food industry professionals. Simultaneously, Food Safety Management System (FSMS) ISO 22000:2018 workshop will be conducted for pre-final year students on that very day.

On October 11, a National Seminar is scheduled which serves as a great platform to transmit the food safety and quality knowledge among students, researchers, professors and industry professionals across the country. The forum includes professionals from Adani Wilmar Ltd., Emami Ltd., ITC foods, Cotecna Inspection India, Novozymes South Asia Pvt. Ltd.

An Industrial Symposium on "Clean and Safe Meat" is going to be scheduled in a parallel session along with the seminar.

**The Institute**

Haldia Institute of Technology is an AICTE recognized, NAAC (Grade-'A') and NBA accredited, self-financed engineering college, affiliated to Maulana Abul Kalam Azad University of Technology, (formerly known as WBUT) Salt Lake, Kolkata. It is the first private engineering college in the state of West Bengal and has developed into a center of excellence in teaching and research since its establishment in 1996. It caters to the technological know-how and skills required by today's recruiters by adopting a flexible, contemporary application-oriented teaching and research.

**Department of Food  
Technology**

The Department, established in 2006, presently offers 4-year B.Tech Degree in Food Technology. Besides teaching, the faculty members are diligently involved in acquiring research grants from various funding agencies. The Department is blessed with state-of-the-art laboratory infrastructures in various areas of food technology including sensory analysis, food chemistry, food microbiology, food processing and quality control. In the past, more than 90% of the graduates secured jobs in various food industries across India including brands such as Nestle India, Mondelez Inc., ITC Foods, Allied Blenders, Tata Chemicals, Diageo Group, Coca-Cola, PepsiCo India, Associated British Foods, Adani Wilmar Ltd, Emami Ltd., Britannia Industries, Vimta Labs, RP Sanjiv Goenka Group, Saj Industries, Keventer Agro, CG Foods etc.
